Sarah: I have no comments.

Should we share this with Darcy before sending it to OST for their review?

Hello All,
Attached is a draft agenda for your review and input. I called it informal consultation because I think that is what Suzy says President Steele requested below.

I included the presentation on the USGS work at Dewey-Burdock because that was requested at our April 28 meeting with the OST. We can offer to move it down the list so we can get to President Steele's concerns first. I don't know if the ladies who were concerned about the USGS work will be present at our June 17th meeting or if any of the other Tribal leaders had the same concern about the USGS work. I thought I would offer it. Maybe you could get input from Suzy if the USGS work is still a topic of concern.

Please give me your comments back & I will finalize the draft agenda so you can send it along to Suzy today.

Thanks!
Valois

Alfreda: Thanks for passing this along. Valois will be in on Monday and I will leave her a voicemail heads up to be in touch with Greg and/or Natasha regarding agenda development, etc.

Alfreda: any developments on scheduling consultation with the CRST?

Thanks,

Douglas
